Introduction to the ND Grants

Welcome to the ND Grants Management System (ND Grants). ND Grants provides many features to help manage applications more efficiently, and includes system functionality for:

- Grant application
- Award acceptance
- Amendments
- Performance Reporting

Note

- The current release of ND Grants does not have functionality for sub-grant recipients. Only primary grant recipients will be submitting applications and managing awards in ND Grants.

User Guide Organization

This user guide will help all grant recipients manage applications and awards in ND Grants. Though this user guide is primarily for grant recipients, it can also help Federal Emergency Management Agency (FEMA) personnel understand the grant recipient functionality.

Questions?

For additional assistance using the ND Grants System, please contact the ND Grants Service Desk. For programmatic or grants management questions, please contact your Program Manager or Grants Specialist.

Monday – Friday | 9:00 a.m. – 6:00 p.m. EDT | 1-800-865-4076 | NDGrants@fema.dhs.gov

Registration and Login

Creating an ND Grants Account

To access the ND Grants system, you must first register an account. Registration can be completed within the FEMA portal at <https://portal.fema.gov>. After the registration process is complete, your User ID and password will be used to log into ND Grants.

Note

- If you have already registered but forgot your User ID or password, click on the [Forgot Password?](#) or the [Forgot ID?](#) buttons for assistance
- If you need additional assistance resetting your password, contact the FEMA Enterprise Service Desk at 1-877-611-4700

Step 1

From the *FEMA Login* page, click the [New Non-PIV User?](#) button.

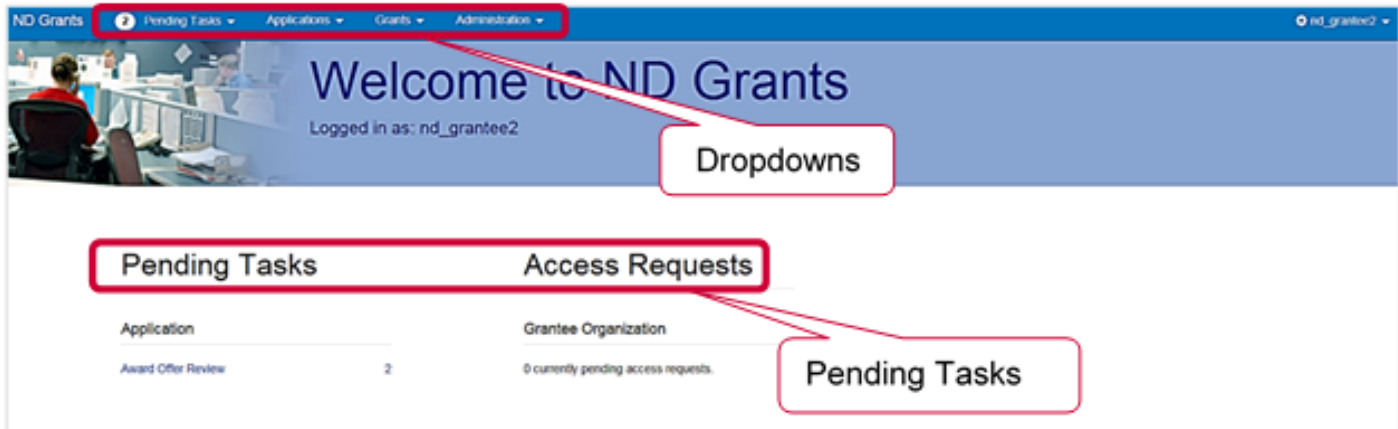

Figure 10. The ND Grants homepage

Dropdowns: The ND Grants homepage has four dropdowns across the top of the screen – Pending Tasks, Applications, Grants, and Administration. The dropdown menus are organized to follow the tasks a grant recipient will complete throughout the grant life-cycle. Similar tasks are grouped together.

- The Pending Tasks dropdown contains a list of all the tasks pending in your queue
- The Applications dropdown contains all functions related to managing and submitting applications
- The Grants dropdown contains all the functions related to post award management, including amendments and performance progress reports
- The Administration dropdown allows you to manage the organizations and contacts associated with the organization

Pending Tasks: The individual grant recipient tasks are listed under each Task heading. The number of awards awaiting action for the task is also displayed under each task heading.

Managing Organizations

To access any applications or awards, you must belong to the organization with which the application or award is associated. An organization serves as a recipient's profile within ND Grants, allowing users to create and manage awards and applications. FEMA requests that all applicants provide their organization's contact information.

From the Administration dropdown, users can perform tasks for organizations to which they belong. Specifically, users can manage organizations, request access to other organizations, view other users with access to the same organizations, and review organization access requests.

Users that do not currently belong to an organization must request access to the appropriate organization. Only the Organization Administrator can approve the access requests submitted by users. The Organization Administrator has the authority to update the organization information and modify user privileges for the organization.

Viewing Organizations

Organizations you belong to will be listed on the *Organization Administration* page. If you belong to an organization and are the Organization Administrator for that organization, you can add contacts for the organization and additional system users of the organization.

Step 1

Under the Administration dropdown, click the [Organizations](#) link to view the *Organization Administration* page.

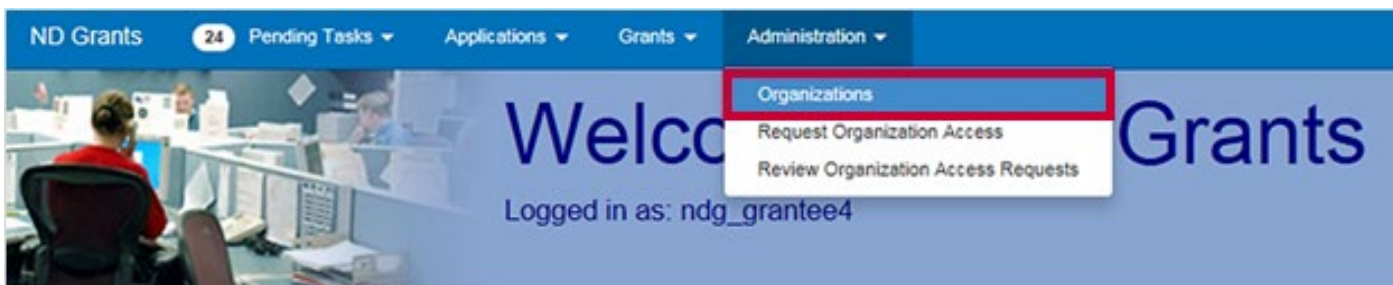

Figure 11. Click the [Organizations](#) link under the Administration dropdown

Note

- You cannot access applications and awards if you do not belong to the organization with which they are associated

Step 2

From the *Organization Administration* page, review your organizations.

Creating an Organization

When creating an organization, please note that:

- Organizations you belong to will be listed on the *Organization Administration* page
- Only the Organization Administrator can add contacts to the organization, update user roles within the organization, and approve organization access requests
- The Organization Administrator will see the **Update Organization** icon in the Action column on the *Organization Administration* page
- If you are not the Organization Administrator, you can view the organization details by clicking on the **Organization Legal Name** link on the *Organization Administration* page
- Duplicate organizations cause problems in the system. Please ensure your organization does not already exist

ND Grants User Roles

An Organization Administrator can assign and manage the roles within the organization. New users can also request roles when requesting access to the organization. Once assigned a role, users are granted specific privileges for the organization:

- ND Grants user roles define the user's responsibilities for the organization, applications, and grants. Users may have more than one role
- The roles assigned to a user for the organization are not the same roles that they are assigned for an award. For example, a user with the Authorized Official role for the organization may not have the Authorized Official role and permissions for a grant. Please verify that you have the correct roles to complete your grants management tasks
- The Organization Administrator can change user roles by updating the User Roles section on the *Update Organization* page. You can update the user roles for an award by submitting an amendment requesting that the roles be updated
- Organizations should ensure that they have assigned as least two people with this role in the event of personnel change

The ND Grants users can perform different tasks based on their roles.

Requesting Organization Access

Once you have created an ND Grants user account, you must either request access to an existing organization, or create a new organization. If the organization has already been created, you must submit an Organization Access Request to access the organization’s applications and awards.

Step 1

Under the Administrations dropdown, click the [Request Organization Access](#) link.

Application Functionality

To apply for a FEMA preparedness or mitigation grant, you must begin the application process on Grants.gov. Once the initial application for Federal Assistance (SF-424) is complete in Grants.gov, the application will be automatically migrated for initial review in ND Grants. All the information from the SF-424 entered in the Grants.gov application will be automatically downloaded into ND Grants and reviewed for eligibility by ND Grants staff. After review, the application will be released back to you in ND Grants to complete, which includes updating the budget, adding any attachments, and completing any required Assurances and Certifications.

Note

- If you need additional assistance completing the SF-424, contact the Grants.gov Service Desk at 1-800-518-4726 or support@grants.gov

Applying Through The Grants.gov Workspace

Step 1

Open the Applicants dropdown and click the [Apply Now](#) link.

Step 4

Complete the application using the [Grants.gov](#) instructions as a guide.

Step 5

To submit the application, click the **Sign and Submit** button.

The screenshot displays the 'MANAGE WORKSPACE' interface. At the top, a progress bar indicates the current status: 'Created' (selected), 'Forms Passed', 'Complete and Notify AOR', 'Submit', and 'Agency Received'. Below this, application details are provided, including the filing name 'Test', workspace ID 'WS0005768', and workspace status 'In Progress'. A navigation menu includes 'FORMS', 'VIEW APPLICATION', 'ATTACHMENTS', 'PARTICIPANTS', 'ACTIVITY', and 'DETAILS'. The 'Workspace Actions' section contains buttons for 'Check Application', 'Sign and Submit' (highlighted with a red box), and 'Delete'. Below this is a table of 'Application Package Forms' with columns for 'Include in Package', 'Form Name', 'Requirement', 'Form Status', 'Last Updated Date/Time', 'Locked By', and 'Actions'.

Step 7

In the Assurance and Certification section of the application, approve the Certification Regarding Lobbying, the SF-LLL, and the SF-424B. These must be approved before the application can continue processing.

The Signatory Authority's name will appear at the bottom of each Assurance and Certification. The Authorized Official should enter their password and sign the Assurance on behalf of the Signatory Authority. To sign, enter the Signatory Authority's prefix, the Signatory Authority's title, and your ND Grants password. Then click the [Sign Assurance](#) button.

For each Assurance and Certification document, you must electronically sign the form, or check the [Form Not Applicable to Application](#) box. In the SF-LLL section, if you click the [Form Not Applicable to Application](#) box, the section will collapse.

Certification Regarding Lobbying

Status Pending

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, 'Disclosure of Lobbying Activities,' in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, 'Disclosure of Lobbying Activities,' in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Grants Management Functions

All post-award functions can be completed through the Grants dropdown on the ND Grants tool bar. Grant management functions include accepting or declining an award, submitting and managing amendments, and submitting performance progress reports.

Accepting or Declining an Award

Once an application is awarded by FEMA, ND Grants will generate a task for accepting the award. To review an award, navigate to the Grants Dashboard page, which lists all applications submitted for your organization in ND Grants. Any applications awaiting acceptance will feature the Complete Award Offer Review icon in the Action column on the grants dashboard. To proceed further, the award package must be accepted. If necessary, users can decline the award package.

Only a user with the Authorized Official role for the grant can accept or decline an award. The user that submits the application will automatically be assigned the Authorized Official role.

Step 1

To access Award Offers, click on the [Award Offer Review](#) link under the Pending Tasks column of the ND Grants homepage

Creating Amendment Requests

Once you've accepted your award, you can make changes to the grant in ND Grants by submitting an amendment request. Depending on the type of changes included in the request, the amendment may require FEMA approval. You can combine amendment types, and the amendment will proceed through the highest level of review based on the changes that are requested. Only one amendment can be submitted at a time.

Amendment Type	Amendment Description	Review Level
Contact Amendment	To add a contact to the award or update Primary/Secondary contact designation	Does not require FEMA internal review
Authorized Official	To change the Authorized Official on the award	Requires FEMA internal review
Signatory Authority	To change the Signatory Authority on the award	Requires FEMA internal review
Period of Performance	To change the performance start date or end date	Requires FEMA internal review
Cost Change	To increase or decrease the overall amount of the award	Requires FEMA internal review
Scope of Work	To update the totals in each budget object class	Requires FEMA internal review
Term and Condition Removal Request	To remove a Term and Condition from the award	Requires FEMA internal review

Table 4. The amendment types, descriptions, and review parameters

Note

- Before submitting an amendment, contact your FEMA Program Manager to discuss the requested changes. Your FEMA Program Manager will ensure that you have justified the proposed changes correctly before the amendment is submitted
- If the current Authorized Official has left the organization, another user with the Authorized Official role for the organization can submit an Authorized Official amendment. **No other changes can be requested in the amendment**, as you will not be able to submit the amendment when other changes are included. All other requests can be included in future amendments once the update to the Authorized Official is approved

Step 1

To view amendments, open the Grants dropdown and click the [Manage Amendments](#) link.

Step 6

To update the period of performance end date, click the [Calendar](#) icon next to the current end date, and select a new end date.

The screenshot shows a form titled "Period of Performance". It has two input fields: "Period of Performance Start Date" with the value "10/01/2017" and "Period of Performance End Date" with the value "09/30/2018". A red square highlights a calendar icon next to the end date field. Below the end date field, a calendar for "September 2019" is displayed, showing days from Sunday to Saturday. The calendar grid includes dates from 25 to 31. To the left of the calendar, the text "SF-424A" is visible. Below the calendar, there is a "Burden Statement" link. At the bottom of the form, there is a section for "Budget Information for Non-Construction Programs" with fields for "OMB Number" (4040-0) and "Expiration Date" (06/30/2022).

Submitting Performance Progress Reports

As a part of the grant award, performance reporting is required. Once you accept an Award Package, you can submit performance progress reports through ND Grants. Using the progress report link in ND Grants, you can upload report documents, add comments, and submit it for FEMA review.

- Once a reporting period begins, documents can be uploaded through the progress report link in ND Grants, but cannot be submitted until the reporting period ends
- Progress reports can be submitted as early as the first day after the reporting period end date
- Progress report links are available on the first day of the reporting period start date or after the previous progress report is approved (whichever comes later)
- Progress reports are due 30 calendar days after the reporting period end date
- The final progress report is due 90 calendar days after the period of performance ends

Depending on the grant program, reporting frequency can vary from Annual Calendar, Annual Fiscal, Semi-Annual, Quarterly, and None. You will be required to submit a Final Report that covers the period between your last reporting end date until the project end date. All closeout materials should be included with this final report.

Note

- FEMA may send email communications to either the Primary Contact or the Authorized Official, depending on the nature of the correspondence
- Final PPR will not be marked as final, but rather will generate on the end date of the POP
